SIMT D.O.O.,
SLOVENIA

Dear Partner,

At EMC, our Velocity² Partners are a critical element to our success in satisfying customer needs. We remain committed to recognizing and rewarding our partners for their achievements and commitment to our partnership. On behalf of EMC and the EMEA Channel organization, it is with great pleasure that I extend to you and your company my congratulations on achieving *Premier Solution Partner Status* in the EMC EMEA Velocity² Partner Program.

Velocity² tier assignment is determined through the evaluation of a partner's performance as a Velocity² Partner during the previous year. The predetermined criterion set by the Velocity² Partner Program was the attainment of revenue goals along with training and accreditation achievements. A full list of the Velocity² Partner Program requirements and benefits can be found at powerlink.emc.com.

The next review of Velocity² Partner Program tier status will occur in July of 2008. At that time, we will again evaluate your standing in the Velocity² Partner Program.

If you have any questions regarding your goals or tier status, please contact your EMC Channel Partner Account Manager.

Congratulations again on your status and much success in the coming months.

Sincerely,

A handwritten signature in black ink, appearing to read "Willem Hendrickx". The signature is stylized and fluid.

Willem Hendrickx
